August Lunch & Learn– Understanding PDHs

Professional Engineers, Surveyors– how are you doing this year on meeting your annual PDH requirements? Do you have your 15 hours? Have you taken a class, but not sure if it counts? Do you know how to keep track of your PDHs? This session is for you! LMDA's August Lunch & Learn will feature a presentation by **David J. Evans**, the **Assistant Executive Director of the NC Board of Examiners for Engineers & Surveyors (NCBELS)**. David will talk about the criteria for PDH credits and the importance of keeping good records; he'll also answer any questions about continuing education requirements. This is a must-attend session for those with a PE or PLS license!

This session will be held on **Thursday, August 16** from **12-1pm** in the **Highway Building EIC**; it will also be available via **Microsoft Live Meeting** – join us from your desk! Please **RSVP to Cynthia Squires by August 14** to confirm your lunch choice (a catered lunch from Café Carolina will be available at \$6 for members/ \$10 for non-members) or whether you will participate via Live Meeting. We hope to see you there!
